

# **Voler Strategic Advisors Receives Women's Business Enterprise National Certification**

**San Jose, Calif., (March 24, 2017)** – Today, San Jose-based, Voler Strategic Advisors, announced their national certification as a Women's Business Enterprise by the Astra Women's Business Alliance, a regional certifying partner of the Women's Business Enterprise National Council (WBENC).

"We are honored to have achieved this important certification by the WBENC," said Perla Rodriguez, Chief Executive Officer, Voler Strategic Advisors. "Our value proposition of leading with diversity and inclusion is further enhanced, and we are proud to be a part of an organization that mentors and supports women-owned businesses."

WBENC's national standard of certification is a meticulous process including an in-depth review of the business and a site inspection. The certification process is designed to confirm the business is at least 51% owned, operated and controlled by a woman or women. According to WBENC, by including women-owned businesses among their vendors, corporations and government agencies demonstrate their commitment to fostering diversity and the continued development of their supplier/vendor diversity programs.

Voler Strategic Advisors is a firm that puts an emphasis on leveraging its collective intellectual capital to help clients build capacity, facilitate change, and achieve their objectives.
